THURSDAY, MAY 3, 1866.

SOME DAYS AGO the President nominated Mr. SMYTHE for Collector of the Port of New York. It is admitted on all hands that he is a competent and reliable man. There was no removal for opinion's sake to make room for him. PRESTON KING, the last incumbent, perished by suicide. The office is one of very great importance, and ought to be filled. As the case stands we think the Senate ought not to hesitate about confirming this nominee, because he approves the President's Reconstruction Policy, or for any other similar reason.

All other nominations, in the same category, it seems to us desirable should be confirmed. Neither the Senate, nor the Republican party, can gain by a resort to the tactics of faction.

THE bombardment of the defenceless town of Valparaiso by the Spaniards, was an atrocity that ought to have been prevented by the combined action of the British and American fleets. At first the British Admiral manifested a commendable spirit, but he finally wilted. He was fearful his force was inadequate. This objection was relieved by Com. ROGERS, the American commander, who earnestly offered to go into the enterprise with his vessels. Still, the Admiral refused, and the destruction went on. As a large part of the property destroyed belonged to British and American merchants, it is not likely the end of the matter has been reached.

◆

THE news from Germany is less warlike. The Paris *Charivari* has a cartoon representing Prussia and Austria at a grindstone, vigorously sharpening swords with but an inch or two of blade to the handle, on which is inscribed: "By dint of sharpening their sabres to frighten each other, there will remain in the end scarcely anything to cut with when the day arrives for using their weapons so repeatedly prepared."

◆

THE Senate seems fully resolved to assert its authority in the dispensation of Governmental patronage. The House is strongly inclined in the same direction. The dicta of the Assistant Postmaster General that offices are "the President's bread and butter," which he grants or withholds at his sovereign pleasure, is not likely to meet with great success.

◆

THE FEDERAL TROOPS having recently been withdrawn from Staunton and Augusta in Virginia, the loyal inhabitants of those towns have petitioned to have them sent back again, as indispensable to their security. A good many of the ex-rebels still stand in need of a more radical reconstruction than the President proposes.

◆

THE House of Representatives has ordered an investigation into the conduct of the Provost Marshal General's Bureau. It is full time. If there is one loyal man in whose nostrils the management of that Bureau was not an intolerable stench, all through the war, we do not know where to find him.

◆

BRITISH holders of rebel bonds are petitioning the Washington authorities with propositions for settlement. The President sent them to Congress, with a suggestion of Secretary SEWARD, that they are not worth considering. On that subject all the departments of the government will be in unison.

◆

THE Ways and Means Committee have instructed Hon. J. K. Moorhead to report to the House the resolution to release crude petroleum from any tax, immediately, and not await the final passage of the tax bill, which may not be passed for two months.

◆

WE like Mr. BOUTWELL's amendment to the Congressional scheme of reconstruction. It provides that whenever any one of the revolted States complies with the conditions, that State shall be entitled to representation in Congress.

◆

THE report, in yesterday morning's telegrams, that Secretary STANTON had given in his adhesion to the President's Policy, was unfounded.

THE Connecticut Legislature met yesterday. The election of a United States Senator will take place in a few days.

Washington News and Gossip.

NEW YORK, May 2.—The radicals believe they can easily make the Reconstruction Committee work acceptable to the President, pass it after a couple of days, get Tennessee to ratify it, and admit her representatives to Congress within twenty days.

The House Committee on Foreign Affairs, to whom the Mexican loan endorsement scheme was referred, are about ready to report, and probably will do so on Thursday. It is understood that all the Republican members of the committee, with the exception of General Banks, voted to report favorably upon the proposition.

The President sent to the Senate a long list of nominations. Twenty-two Assessors and Collectors of Internal Revenue in Southern States were also appointed, fifteen of which were for Virginia alone.

It appears that the postages on the European mails for the last fiscal year amounted to $1,449,000, of which the United States Postoffice Department received only $165,000, the balance accruing to the foreign steamers. A bill will probably be reported establishing a weekly line of mail steamers to Europe, with the rate of compensation based on the probable postal receipts, and in no event to exceed them.

The Department of State is in receipt of news from Europe which renders war extremely improbable between Austria and Prussia. The conduct of the latter power is generally deprecated. The Queen of England has written a letter to that Government expressing her disapprobation of its bearing in its diplomatic intercourse with Austria, and strongly counseling peace.

The *Times'* special says: There is further talk to-day of a motion in the Senate to expel Senator Davis, of Kentucky, from that body, on account of the sentiments expressed by him on the 8th of last month, before referred to, and which Senator Howard denounced yesterday as revolutionary and treasonable.

The *Tribune's* special says: The Senate Committee on Foreign Relations have agreed to report adversely upon the case of Mr. Smith, of Ky., nominated Minister to Greece. Lewis D. Campbell, of Ohio, nominated as Minister to Mexico, it was agreed should be reported to the Senate without any recommendation, *pro or con*, the Committee being a tie on the matter. Gen. Daniel E. Sickles, as Minister to the Hague, was laid on the table. The Committee also agreed to report a bill for raising the rank of Ministers resident to Envoy Extraordinary and Ministers Plenipotentiary, the pay to remain the same as at present.

Mr. Trumbull's amendment on the post office bill, which prevents the payment of any money or salaries to officials who are appointed during the recess, except in cases of death, resignation, or expiration of term of office, has such strength in the Senate as would guarantee its passage by both Houses, either as an amendment to the appropriation bill or a separate bill.

Mr. Horace H. Day's Niagara Ship Canal bill was to-day got through the House as a military measure. All the farming land fronting on the river on the American side, for at least seven miles below the falls, are encumbered with contracts for use and occupation, secured by Horace H. Day long ago in anticipation of the passage of the bill. Next year ten millions of dollars will be asked for.

To the Debilitated and the Decrepid.

For general debility and exhaustion of the powers of nature, whether occasioned by sickness, fast living, constitutional decay, old age or any other physical or mental cause, the one thing needful and indispensable is Hostetter's celebrated Stomach Bitters. When the fire of life seems to be absolutely dying out in the system, and the mind, sympathizing with the body, is reduced almost to a state of imbecility this mighty Restorative seems, as it were, to lift the sufferer out of the slough of despond, and recruit and reinvigorate both the frame and the intellect. An old farmer in the Valley of the Monongahela writes thus to Dr. Hostetter: "I can compare the operation of your Bitters upon me to nothing but the effect of a rain after a long dry spell in the fall of the year. The rain falling on the meadows starts the second crop of grass, and your wholesome medicine seems to have started a second crop of life and spirits in me." And this is truly the effect of this grateful and powerful preparation. Ladies of weak constitution, or whose strength has been impaired by sickness or age find it a most efficacious and delightful Tonic, and it is administered with great success in marasmus or wasting of the flesh, to young children. In fact, it is a much safer and surer cordial for the nursery than anything advertised specially for that purpose.

Hostetter's Bitters

Which have had for their object the development of the national resources, whether Railroad, Coal, Copper or Oil, as will be recollected, those who *first* took hold of them made money, some larger amounts than others, according to their investments. Mining operations in the fields of Colorado and Nevada now mainly engross the public attention, and already several Companies have been organized upon ledges in these districts, and are actively at work. When their "returns" now on the way in the shape of "bars of silver" and "bricks of gold" are received, the enthusiasm which already has manifested itself, as may be conceived, will be greatly increased.

As will be seen by advertisement, the Virgin Gold Mining Company presents especial inducements to those wishing an interest in these auriferous regions; those desiring to avail themselves of the opportunity now presented of securing one or more of the $100 "original interests" should at once send in their subscriptions.

TESTIMONY BEFORE THE RECONSTRUCTION COMMITTEE

WASHINGTON, May 2.—A general order has just been issued from the War Department, in relation to trials by military courts and commissions, stating that whereas some military commanders are embarrassed by doubts as to the operation of the proclamation of the President, dated the 2nd day of April, 1866, upon trials by courts martial and military officers, to remove such doubts, it is ordered by the President that hereafter, whenever offenses are committed by civilians they are to be tried where civil tribunals are in existence to try them. Their cases are not authorized to be, and will not be, brought before a military court martial or commission, but will be committed to the proper civil authorities.

This order is not applicable to camp followers as provided for under the sixtieth article of war, or to contractors and others as specified in section sixteen of the act of July 1862, and sections one and two of the act of March 2nd, 1863. Persons and offences cognizable by the rules and articles of war, and by the acts of Congress, above cited, will be continued to be tried and furnished by military tribunals as prescribed by the rules and articles of war, and acts of Congress. The sixtieth of the rules and articles of war, provides that all sutlers and retailers to the camp, and all persons whatsoever serving with the armies of the United States in the field, though not enlisted soldiers, are to be subject to orders according to the rules and discipline of war.

The acts of Congress to which reference is made provide that whenever any contracts for subsistence, clothing, arms, ammunition, munitions of war, and for every description of supplies for the army or navy of the United States shall be found guilty by a court-martial, of fraud or of wilful neglect of duty, he shall be punished by fine, imprisonment or such other punishment as the court-martial shall adjudge; and further provision is made for the punishment of persons defrauding the army, navy or civil service by procuring false vouchers, or entering into conspiracy with any persons in the employment of this government with a view to fraud and other kindred offenses.

The following dispatches relative to the bombardment of Valparaiso have been received by the Navy Department:

U. S. STEAMSHIP VANDERBILT,
VALPARAISO, March 31, 1866.

SIR: I have the honor to announce that upon my arrival at this port with the squadron under my command, I called upon the English Admiral, who had informed me he intended to prevent any sudden bombardment, and would only suffer it after ample notice. To this, I made no reply, but, having considered the matter, sought the occasion the next day to say that I would join him in preventing any sudden bombardment, and that I would also go as much farther as he chose. I assured him that the Monadnock could take care of the Numancia, that from target experiments I had witnessed, I was absolutely certain that in not less than thirty seconds, and not more than thirty minutes, the Monadnock herself, entirely unassisted, would leave only the mast-heads of the Numancia above water, and that our wooden vessels, English and American, could look out for the wooden vessels of the Spaniards. In thus offering to go beyond the letter of my instructions, to observe a strict neutrality, I acted upon the supposition that neutrality among nations did not preclude all well-directed efforts to keep peace among them, and that a peaceable citizen is not obliged to stand by inert while another is suffering from the unlawful violence of a third person, but force may be justly interposed to prevent infraction of the laws, a murder for example. So a nation witnessing the like disturbance among her sister nations need not rest absolutely impassive, but with sincere neutrality might interpose with force, if necessary, to keep the operations of belligerents at least within the law for the protection of neutral persons and neutral property. I am aware that action in the premises on our part involves great responsibility, but I had reached the conclusion that with England as an ally it was my duty now to aid them. I told the English Admiral what I have written, and frankly added that his commerce was more extensive than ours and more convenient to the coast of Spain, but as he had more to suffer in consequence of a rupture with Spain, he had also more to preserve by interference; that his interests in Chili rose to thousands, while ours were only hundreds. The English Admiral said at first that he would go with me, for I plainly declared that I would not take a step without him. I said that I had no intention of becoming a cat's paw to draw European chestnuts out of the fire, and then have the power I served laughing at my singed paws while they enjoyed the fruits of my temerity. The English Admiral finally determined to throw the responsibility upon the English Minister who did not choose to act in the premises. English co-operation having failed, no separate action on my part was taken, as none had been proposed. I have used such measures as I could to bring about an accommodation, but without success. This morning at nine o'clock the Spanish Admiral opened upon the town with shot and shell, directing his fire principally against the public buildings and storehouses. After a continuous bombardment of two hours and fifty minutes, the firing ceased and the Spanish Admiral withdrew his vessels. Four of the stone buildings connected with the Custom-house were entirely destroyed, with their contents. Other adjoining buildings, used for the same purpose, were very much injured. The value of merchandize destroyed in these was vaguely estimated at some twenty-two millions of dollars. The Government house, the Exchange and the railroad buildings were damaged to a considerable extent. Naturally and inevitably, parts of the city which the Spanish Admiral declared he did not intend to injure, received many of his missiles. Several blocks of private buildings were destroyed by fire, and churches and convents and hospitals were not exempt from injury. Few lives were lost, not more than eight or ten.

I enclose herewith copies of the letters addressed to me by the foreign residents of Valparaiso, representing the interests of nearly all the nationalities of christendom, bearing an official character, with a copy of my answer, also copies of the manifesto and letter of the Spanish Admiral, when I was assigned, that the English Admiral was determined not to resist a bombardment. I called upon him, and said that as I did not choose to drift into a collision where I had no purpose to collide, I should move my vessels to get out of the Spanish way. This intention I communicated verbally to the Spanish Admiral. Thrust by circumstances into a position in which it became necessary to take some part, I felt a natural anxiety to know whether the one I took meets with the approbation of the government. In my whole course, I have conferred freely with our Minister, Gen. Kilpatrick, and desired the benefit of his advice and assistance. In all I have done or offered to do, he has been consulted and he has fully concurred. If his name has not been mentioned before, it was because I did not want to break the continuity of my narative, and not because I am without a strong sense of obligation for his co-operation.

I have the honor to be, sir, your obedient servant, JOHN RODGERS, Commodore.
To Hon. Gideon Welles, Secretary of the Navy.

WASHINGTON, May 2.—The following is the statement of the public debt on the 1st of May, 1866: Debt bearing coin interest, $1,186,092,841.80; debt bearing currency interest, $1,188,313,544.62; matured debt not presented for payment $877,729.64. Total debt bearing no interest, $452,392,755.54; total debt, $2,828,676,871.60. Amount in Treasury—coin, $76,676,407.02; currency, $61,310,621.80. Total in Treasury, $137,987,028.82. Total debt, $282,767,871.60. Amount of debt, less cash in Treasury, $2,689,689,842.78.

WASHINGTON, May 2.—The Senate in Executive session to-day, confirmed the nomination of Gen. T. Parker as Surveyor of Customs for New Orleans, vice A. F. Stone resigned. The nomination of Gen. Frank P. Blair for collector of internal revenue, for the St. Louis, Missouri, District, was rejected.

WASHINGTON, May 2.—The testimony to-day, reported by Mr. Washburne, of Illinois, from the Committee on Reconstruction, relative to the States of Florida, Texas and Louisiana, presents no new features of importance, and is mainly of the various views heretofore expressed by other witnesses. It embraces the examination of Major General C. C. Andrews, who during a portion of 1864 was in command of the district of Houston, Texas; Colonel Israel Hodges, until recently in command of the eastern district of Florida; B. C. Truman, correspondent of the New York *Times*; Stephen Powers, correspondent of the Cincinnati *Commercial*; Debow, of *Debow's Review*; Dr. J. M. Turner, formerly editor of the Nashville *Gazette*; Caleb Forshey, Superintendent of the Texas Military Institute, and during the war a Confederate engineer; Adjutant General Thomas and Major General Phil. Sheridan.

The testimony of General L. Thomas relates principally to the localities of Natchez and New Orleans, in which places he has spent a large portion of the time since the war in connection with the cotton plantation owned by his son. It represents the people, so far as he came in contact with them, anxious for the restoration of the Union, and favorably disposed towards the Federal Government and towards Northern men.

The testimony of Gen. Phil. Sheridan was forwarded by mail from New Orleans in response to the interrogatories sent to him. It is as follows:

Q. What are now the feelings of those who took part in the rebellion, and sympathized with it, towards the General Government? A. I believe they accept the situation and have an earnest desire for restoration of a perfect Union, but exhibit at the same time an unmistakable desire to glorify the rebellion.

Q. What has been the effect of the exercise of the pardoning power upon such persons? Has it made them more friendly or otherwise, toward the Federal Government? A. I have noticed no particular change in the sentiment on account of the clemency of the Executive.

Q. What would be the effect, in your opinion, upon the State organization, if the people were left without control, to act for themselves? A. I believe they would quarrel among themselves, and that the sensible and substantial people would regret the absence of the military force.

Q. Are the offices of the State now in the hands of loyal or disloyal men? A. A very large number of the offices are in the hands of returned Confederate soldiers. I am unable to say what their actual sentiments are in reference to the general Government, but think their outspoken sentiments depend to some extent in what is their best policy in order to hold the office. I have seen those high in authority in a transition state for the same reason.

Q. What are regarded as the chief recommendations for office, and what sort of persons would be elected without any outside influence? A. The inclination to glorify rebellion give those who were active participants in it the preference for election by the people, or appointment by those in power.

Q. What would be the condition of loyal men if they were left without any protection by the federal government? A. My impression is that they would feel unsafe, and many of them leave the country.

Q. What is your opinion as to the necessity and expediency of the Freedmen's Bureau? A. The Freedmen's Bureau gives that security to the freedmen which arises from having some one to look after and advocate his interests.

Q. What would be the condition and fate of the freedmen if left without protection under the exclusive control of the white people there? A. I fear that there would be a great deal of trouble. A large number of people would act in good faith towards them, but there would be many who would not, and a war of races to some extent would probably be the consequence.

Q. State fully your opinion as to the capacities of the colored people; what do they know and to what extent could they exercise the rights of freemen? Are they willing or unwilling to work, without physical compulsion, with kind treatment and fair wages; and state what, in your opinion is the best course for Congress to pursue in reference to these people? A. The colored race, like all other races, have degrees of intelligence and capacity. In New Orleans, where the colored people are better treated than in any other city in the United States, there is an excellent colored society, and a very high degree of refinement exists in it. Starting from this, you can go into the State of Louisiana and find colored men about as ignorant as it is possible for any being to be. The freedmen, so far as I am informed, have a great desire to learn. I cannot say whether they learn rapidly or not. I believe they are willing to work because their necessities compel them to do so. In that they are like all other races. I never have known a white or black man who was performing manual labor for love of it. I believe the best thing Congress or the State can do is to legislate as little as possible in reference to the colored man, beyond giving him security in his person and property. His social status will be worked out by the logic of necessity for his labor. It is the only labor that can be obtained in the South for some time to come.

Q. Please make such suggestions as occur to your mind as to the most judicious and efficient remedies for the evils that exist in your department growing out of the late rebellion. A. The feeling and sentiment of those within the limits of my command is as good perhaps as could be expected, still not satisfactory. I believe that a majority of the people are not opposed to the general government, and in fact, earnestly desire to be restored to a perfect union with the other States. Still, sufficient time has not yet elapsed to efface the recollection of their having been reduced from affluence to limited means, the chagrin of being conquered and having to submerge the idea of justifying rebellion and its representatives. The latter idea and its consequences prevails to so great an extent that I consider the retention of the military in Louisiana for some time as necessary for the security of emigrants, freedmen and capital. Florida is not poor from her old debt and the havoc of war, like Louisiana, and the tone and sentiments of the people is very fair and a great desire is manifested by them to be restored again to a perfect Union. Texas has increased in wealth by rebellion. Among the best people there is a very good feeling towards the Government. There is a class of lawless people there, however, which this sentiment does not control, and which cannot be controlled but by the military. The sentiment in this State will not change from the influence of Northern emigration and capital, as in the State of Louisiana. It is essential that military in considerable force be maintained in the Department of Texas.

I have the honor to be, Sir,
Very respectfully, your ob't sv't,
P. H. SHERIDAN,
Maj. Gen'l Commanding.

UNDOUBTED CASE OF CHOLERA.
Arrest Under the New Excise Law.
FORGERY BY A STOCK SPECULATOR.
Secretary Stanton's Position.

NEW YORK, May 2.—The case of the woman Jenkins is pronounced a typical case of cholera of undoubted character. The victim is an Irishwoman, who inhabited a filthy rookery. The effects of the house have been burned, and the premises disinfected and fumigated, and a cordon *sanitaire* placed round them.

The first arrest under the new excise law took place last night. The proprietor of a Broadway drinking saloon, for keeping open after midnight, was held to bail in the sum of five hundred dollars, to answer the complaint.

NEW YORK, May 2.—Ferdinand Boesch was arrested under a warrant of extradition for forgeries in Mecklenburg, to the amount of $25,000 Prussian thalers. He arrived yesterday on the Louisiana, and the officers in pursuit came on the Scotia.

The coffee and spice mills of Jackson and Pickert, Fulton street, were burnt last night. Loss $25,000; partly insured.

The Ericsson from Bremen has arrived. Her news is anticipated.

NEW YORK, May 2.—The Common Council to-day repealed the ordinance for the widening of Ann street.

Count Castiglione arrived in the Scotia, on a mission from the King of Italy.

John Ross, stock speculator in Exchange Place, was arrested to-day for forgery. He had purchased fifty thousand dollars in gold each from Black & Spaulding and J. S. Cronize, paying for the same by his own certified checks on the Continental Bank. The certificates proved forgeries. Ross is said to have forged the signature of A. S. Peyer to two checks on the Union Bank, for $64,500 each, with certification of the paying teller, and also two checks on Howes & Macy. The amount is not stated.

NEW YORK, May 2.—The *Post's* special says: Some of Mr. Stanton's friends deny that he took ground in the Cabinet meeting yesterday in favor of the President's reconstruction policy, but it is known that the published statement was furnished by a prominent member of the Cabinet.

Another death from cholera on the hospital ship is reported, but there are no new cases. There are yet one hundred patients on board the hospital ship. A Health officer says the passengers on the steamer England might safely be allowed to come to the city.

NEGRO RIOT AT MEMPHIS.
Fifteen Blacks and Four Whites Killed.

MEMPHIS, May 2.—The negroes south of Memphis fired on a citizen and wounded him. They assaulted a white woman this morning. Sheriff Rose attempted to disarm all the negroes. They fled to Fort Pickering, firing as they ran. They were driven from the fort this evening and sought the woods. During the excitement seven negroes and one white citizen were killed and a few houses burned. The military have been under arms all day.

LATEST.

All is quiet to-night but fears are entertained that the negroes will attempt to burn the city but they are groundless. Up to the present, fifteen blacks and four whites have been killed.

Meeting of the American Medical Association.

BALTIMORE, May 1.—The nineteenth annual session of the American Medical Association, was held at eleven o'clock this morning, in the Concordia building. About two hundred delegates were present. Dr. D. H. Stover, of Boston, the President elected last year, occupied the chair. Vice Presidents, Drs. Dunn, Almy and Hippin, and Secretaries Drs. W. B. Atkinson, of Philadelphia, and G. Morgan, of Baltimore, were present. The Presidents and Vice Presidents of the Convention were invited to seats on the platform. The President called the meeting to order, and in response to his suggestion, Dr. C. C. Cox, Chairman of the Committee of Arrangements, welcomed the members to the hospitality of the city of Baltimore, trusting that when leaving they might bear away with them many pleasant reminiscences of the Monumental City. Dr. Montrose A. Patten, who last year was expelled from the Association, was unanimously reinstated, having been fully exonerated by the committee to which the papers in his case were referred. Dr. Patten was conducted by Drs. Cox, Ordway and Sayre to the platform amid great applause, and expressed himself much gratified at the action of the Association. The greatest enthusiasm and unanimity prevailed.

BALTIMORE, May 2.—The Medical Association met again to-day. Dr. Brown Sequard delivered an address on the treatment of nervous diseases.

Armed Fenians Leaving Quebec.

EASTPORT, May 2.—A custom house officer just arrived from Quebec reports that some armed Fenians left there in small fishing vessels this morning, but put on board a large schooner back of Grand Menan, N. B.

[SECOND DISPATCH.]

The United States steamer Winooski has just left the harbor in pursuit of the Fenian privateer.

FROM NEW ORLEANS AND VERA CRUZ.
Petroleum in Western Louisiana.
IMPERIAL VICTORIES REPORTED.
Arrest of Col. Dupin and One Hundred and Fifty Men.

NEW ORLEANS, May 2.—Cotton irregular, sales of 800 bales to-day. Sugar and molasses unchanged. Freights very dull.

Senor Caballero, the oldest Spanish merchant, was run over and killed by his horse. He was the only one saved during the Lopez-Critenden excitement.

The discoveries of Petroleum in Western Louisiana attract much attention. A company has been formed for purifying and bringing it to market. The coal beds of Arkansas are being worked. Most of the Confederates of East Tennessee come here to reside.

VERA CRUZ, April 11.—Gens. Almonte, Herron and Briencourt have sailed for Europe. Also four hundred French troops.

Gen. Golvez has been arrested and confined at Puebla.

Gen. Garcia has arrived at the capital and taken the portfolio as Secretary of War. Senor Lagunza has been appointed President of the Ministry; Senor Joaquin Noveiga has been named as Secretary of State.

There is no doubt that Maximilian intends to make a general draft.

Gen. Sozada was defeated and put to flight. The Liberals are grouping at Hunjecori. The Liberal loss was forty killed and fifteen prisoners, besides some arms and ammunition.

After an obstinate encounter Corona's Liberal forces were defeated at Urias del Castillo, losing three hundred and fifty killed and a large number wounded. Mazatlon remained in good condition, protected by twelve hundred troops, and a new column was soon to be formed to operate with Gen. Lasada on Pazaroo.

The Imperial government fixed a new and peremptory term for the preservation of all credits against revenues.

Colonel Dupin was arrested on the 21st ult. at Tampico, with one hundred and fifty of his men, leaving the rest of his forces scattered at different points, intending to march against the Juarists occupying Ciudad, Victoria and Rio Verde. San Louis Potosi continued occupied by the guerrillas of Barragon. Numerous small engagements are reported, wherein the Imperialists were invariably victorious.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON CITY, May 2.

SENATE.

Mr. Sherman, in introducing the Finance Bill, said: I desire to make a statement as to some of its provisions for public information. It provides in the usual form for a five per cent. thirty years loan, to be called the Consolidated Debt of the United States, and to be disposed of at not less than par, and to be applied to the payment of the existing National debt other than United States notes, commonly known as greenbacks. There are two provisions of the bill likely to excite opposition, one of which grows out of the question of taxing property in New York securities. It cannot be denied that strong feeling grows out of exemption from State taxation of so large an amount of property, and various propositions have been made to subject them to taxation by the United States while they bear interest of a rate equal to that paid in most of the States on notes and securities subject to tax. This feeling of inequality will continue to increase. They are now subject to an income tax levied by the United States, but owing to the $600 exemption now proposed to be increased to $1,000, and also to the large amount held abroad, which cannot be reached, and the readiness with which the tax is avoidable, it comes to the United States less than one-tenth of one per cent. on the aggregate debt. In consideration of the reduction in the rate of interest from six and seven and three-tenths per cent., this bill proposes to extend the present exemption from State taxation to the income tax, and will in effect secure to the United States a reduction of one-sixth of the present interest fund, with but trifling loss of income. The saving thus made with a further sum equal to thirty mills on the dollar, it is proposed to apply to the principal of the debt. If uninterrupted, this will be accomplished in thirty-five years. The effect is to pay the national debt by the saving of interest. The other proposition refers to the option of holders of 7-30 notes to demand payment in money at their maturity. The bill provides for giving six months customary notice. He believed it a fair adjustment between the interests of the bondholders and taxpayers.

A long debate ensued, participated in by Messrs. Dixon, Fessenden, Sumner and Grimes, during which the latter said he supposed the report of the Cabinet proceedings published this morning, was a proposition put forth from the White House in opposition to the report of the Committee of fifteen.

No question being before the Senate, Mr. Sherman called for the regular order.

The Post Office Appropriation Bill was taken up as unfinished business, the pending question being on Mr. Trumbull's amendment.

After debate by Messrs. Howe and Guthrie, the amendment was adopted.

Mr. Wade offered an amendment that the Government advertising in Washington be done in the paper having the largest circulation. Adopted.

The bill was then passed.

The Niagara Ship Canal bill, from the House, was referred to the Committee on Commerce.

The Army Appropriation bill was next taken up.

Mr. Wilson offered an amendment appropriating one hundred and forty-six thousand dollars for fire-proof buildings at the Schuylkill Arsenal, Pennsylvania, for a Government storehouse.

After Executive session, the Senate adjourned.

HOUSE.

Mr. Blaine, of Me., asked leave to offer the following resolution:

Resolved, That the President of the United States be respectfully requested, if not inconsistent with the public interest, to communicate to this House at the earliest practicable day, any authentic information that may have come into his possession in regard to the reported barbarous bombardment of the city of Valparaiso by the Spanish fleet, on the 31st of March ult.; also to inform the House what instructions had been given by the Navy Department to the officers commanding the American fleet in those waters.

Mr. Boutwell objected, so the resolution was not received.

Mr. Coffroth, of Pennsylvania, offered a resolution which was adopted, instructing the Committee on Invalid Pensions to report by bill or otherwise, a measure granting pensions to all the surviving soldiers and sailors of the war of 1812.

Mr. Jencks, of Rhode Island, from the Committee on Patents, reported a bill providing that upon appealing the first time from the decision of primary examiners to the examiners in Chief in the Patent Office, the applicant shall pay a fee of one hundred dollars. The bill was considered and passed.

Mr. Jenckes, from the same Committee, also reported a bill to give increased pay to the Examiners and Assistant Examiners of Patents, from April, 1861, to August, 1865.

Mr. Washburne, of Illinois, required an explanation, which brought out the fact that the bill was to pay certain clerks for performing the duties of a higher grade.

Mr. Harding, of Illinois, compared it to an effort to pay Colonels, who act as Brevet Generals, the pay of the higher rank, and moved to lay the bill on the table. The motion was agreed to.

Mr. Chandler, of New York, from the same committee, reported a joint resolution authorizing the Secretary of the Interior to appoint three commissioners to examine and report on the patented machinery and inventions that may be exhibited at the Paris Exhibition of 1867, with power to employ the necessary draughtsmen and photographers, the expenses not to exceed fifteen thousand dollars.

After some discussion the resolution was laid on the table.

Mr. Hubbard, of Connecticut, from the same committee, reported a bill for the relief of Philos B. Tyler, looking to the extension of his patent for an improvement in cotton presses, the same as though the patent has not been already extended.

After some opposition by Messrs. Upson and Washburne, the bill was laid on the table.

Mr. Eliot, from the Conference Committee on the disagreeing votes of the two Houses on the Cuba Telegraph Bill, presented a report. The Senate agrees to the first amendment of the House, giving the Government of the United States the free use of the line at all times, instead of only during times of war, and to the second amendment of the House, limiting the toll per message to $3,50, with an amendment, adding these words: "subject, however, to the power of Congress to alter and determine said rates."

Mr. Randall, of Pa., moved to lay the report on the table, which would carry the bill with it.

The motion was negatived, and the report of the Conference Committee was agreed to.

Adjourned.

Installation of Connecticut State Officers—Governor's Message.

NEW HAVEN, May 2.—Governor Hawley and the State officers were installed in their offices to-day with the appropriate ceremonies. The message is short, and suggests that the recent Constitutional amendment requires the State to restore the right of suffrage to persons of color, disfranchised since 1818. He claims that the nation should demand the acknowledgement that the war had destroyed the doctrine of secession, should secure immunity from any taxation for the payment of rebel debts, and guarantee full protection everywhere for all persons of whatever race or color.

Fire at Atlanta—Crops Injured by the Storm.

NASHVILLE, May 2.—An Atlanta dispatch says: Masonic Hall was burned last night. The fire was accidental. Loss over one hundred thousand dollars, mostly insured.

A heavy storm occurred in Williamson county yesterday. The cotton and corn crops were nearly destroyed by hail.

In the case of Isham Henderson, the direct examination of Hoge was closed and the court adjourned on account of the illness of Colonel Coyle, counsel for the accused.

Gen. Meade and Troops En Route for Boston.

EASTPORT, May 2.—Gen. Meade and staff with Col. Edwards, Maj. Bartlett, Capt Jennings, U. S. Quartermaster, with all the troops lately brought here, left this noon upon the steamer Regulator for Portland and Boston.

Connecticut Senatorship.

NEW LONDON, CONN., May 2.—In the Connecticut Legislature, the Senatorship is the absorbing topic. It is believed that the united friends of Buckingham and Ferry will beat Foster.

FURTHER FROM RIO JANEIRO.
The Allied Army Across the Parana.
THE SPANISH BOMBARDMENT.

NEW YORK, May 2.—Further advices from Rio Janeiro say the allied army, supported by the fleet, had crossed the Parana, and were preparing to attack Fort Humeita. The condition of the Paraguayan army was reported to be very bad, sustaining a daily loss of from one hundred and forty to one hundred and sixty men. They had to subsist wholly on beef, which was dealt out in very insufficient quantities.

The action of the Spaniards in bombarding and burning Valparaiso is very generally denounced by the press. The action of Minister Kilpatrick and Commodore Rogers is applauded.

There can be but little doubt that our Minister, Mr. Nelson, prevented the bombardment six months by assuring Pareja that the St. Mary's would resist him. The damage to Chilian government property is about one million dollars; to French and other citizens, fifteen millions. The United States interests are small. The fire was put out in eighteen hours. Twenty thousand balls and shells were fired in four hours. One man and one woman were killed and four soldiers wounded on the Chili side. It is understood that of the bombardment Coquimbo, Caljera, Calleo, and all accessible points are to have their share, and that the orders of the Spanish commander are to do all the damage he can with the force at disposal.

Mustered Out.

CINCINNATI, May 2.—The seventh regiment of Ohio National Guard were mustered out of service yesterday.

River at Louisville.

LOUISVILLE, May 2.—River falling rapidly, with nine feet water in the canal. Weather cool and clear.

CITY AND SUBURBAN.

The Christian Commission—Final Meeting of the Army Committee for Western Pennsylvania.

The Army Committee for Western Pennsylvania, a branch of the U. S. Christian Commission, convened for the last time on the afternoon of May 1st. Members present:—Rev. Herrick Johnson, Chairman; Rev. Drs. Preston and Wilson, Revs. Pershing, Swift and Reed, and Messrs. Frew, Albree, Weyman, J. R. McCune, H. Childs and D. Robinson. The final report of the Treasurer, Wm. Frew, Esq., was read and approved.

The closing report of the Receiver, Mr. W. P. Weyman was also read and adopted. Mr. Albree on behalf of the subsistance committee presented a report showing that in closing up its affairs a considerable balance was due the Treasurer. On motion of Mr. Frew, the unexpended balance in the hands of the Treasurer of the Army Committee, was appropriated towards reimbursing the Treasurer of the Subsistence Committee for the amount advanced.

On further motion the Chairman Rev. H. Johnson, was requested to prepare for publication a history of the operations of the Army Committee of Western Pennsylvania.

The following minute was passed:

Resolved, That the happy results attained by the Army Committee, are in great measure due to the wise zeal and untiring devotion in a good work, of Messrs. Frew, Weyman and Albree.

A vote of thanks was also passed to the Presidents of the Pittsburgh, Ft. Wayne and Chicago, the Cleveland and Pittsburgh, the Allegheny Valley, and the Pittsburgh and Connellsville Railroads, for the free transportation of all our delegates, and of many stores. Like mention was also made of the Superintendents of the Western Union Telegraph Company and Adams' Express Company, for favors constantly and courteously received.

The Chair appointed a committee to prepare a minute of this meeting, together with a brief abstract from the books of the Treasurer, (presented below) for publication in our secular press, after which, on motion to adjourn without date, the meeting was closed with prayer by Rev. Dr. Preston.

The following are the receipts and expenditures of the Pittsburgh branch of the United States Christian Commission.

Amusements.

ACADEMY OF MUSIC.—The audiences attending the Opera increase in size nightly, and each succeeding performance brings out a more perfect galaxy of beauty to grace the Temple of the Muses. Our citizens have become convinced that Mrs. Henderson, with her well-known energy and ability, has furnished them with a first-class place of amusement, thereby filling up a void which has been long felt in this community, and they have determined to sustain her in the enterprise. Last night the audience was much larger than on any previous night, and the performance was enthusiastically applauded.

Immediately before the curtain rose Mrs. Henderson appeared upon the stage and asked the indulgence of the audience in favor of Herr Habelman, who although suffering severely from recent illness, was determined to go through his difficult role because he was announced in the bill. Every one must have been surprised at the manner in which he performed his part, and we can only say, that if he can command his voice in such a manner when sick, his powers when well must be extraordinary. It was only during the song of Robin Adair, that any hoarseness was perceptible, and by extraordinary exertion he conquered it then. The other characters were all excellent.

To-night the magnificent Opera of Der Freischutz will be presented with the same cast of characters as performed in New York.

PITTSBURGH THEATER.—Edwin Adams appeared to a good house last evening in the splendid play of "Wild Oats," and was well received. This evening he will appear in his favorite personation of "Hamlet," which we consider one of his best. There appears to be no abatement in the patronage accorded this favorite actor, and the fact that he is now concluding his third week is flattering indication of success.

OPERA HOUSE.—Miss Lotta is creating quite a sensation among the patrons of the Opera, and she is a deserving actress. As "Topsy" we regard her as the nonpareil, and she was rapturously applauded in that character last night. This evening she will appear in three pieces—"Pocahontas," "Middy Ashore," and "A Bull in a China Shop."

Chief Engineer of the Fire Department.—An election for Chief Engineer of the Fire Department will take place at the next quarterly meeting of the Association, which will be held on the 14th inst. The candidates already in the field are John Hamill, of the Duquesne, the present incumbent; John H. Hare, of the Eagle; David E. Hall, of the Stewart Hook and Ladder Company; Wm. H. Brown of the Vigilant, and Frederick Ruch, of the Relief. The question as to whether a salary shall be attached to the office will probably be decided at the next meeting.

Before Alderman Taylor.—W. D. Kettenburg made information against Leopold Sneader, whom he charges with fraudulently obtaining from him a sausage stuffer valued at $4, by falsely representing that he was the owner of a stall in the Allegheny market. Warrant issued.

Wm. Iht made complaint against John Emge for assault and battery, alleging that defendant struck him several times with his fist. A warrant was issued for his arrest.

The Allegheny Arsenal Explosion.—The friends and relatives of the victims of the fearful explosion at the Allegheny arsenal, in 1863, are requested to meet in Wesley Chapel, Liberty street, in this city, on Thursday evening. The Committee on Monument will submit a report in regard to the decision of the Cemetery authorities in reference to the removal of the remains of the victims to a more suitable locality. It is earnestly requested that all the friends and relatives be present.

Reckless Driving.—On Tuesday evening, about eight o'clock, a colored boy named Henry Thomas was run over by a carriage, on Grant street, and had his arm broken. Thomas was crossing the street, when the carriage going at a rapid rate, knocked him down and injured him as stated. The driver, who was not known, went on towards the depot, not stopping for a moment to see what harm, if any, was done. It is to be hoped that he may be caught and punished.

Finally Committed.—Arthur Kirkpatrick, arrested and committed for a further hearing some days since for passing spurious currency of the denomination of twenty-five cents, was yesterday brought before Commissioner Sproul, and being unable to obtain the bail required, $3,000, was finally committed for trial.

New Furnishing Store.—We direct attention to the advertisement in to-day's paper of Messrs. Murdock & Putnam, who have opened a new Shirt and Collar store, with a general assortment of furnishing goods for gentlemen. Their assortment of goods is very fine and well worthy the attention of purchasers.

Larceny.—John Brown was yesterday committed to jail by Mayor Morrison to answer a charge of larceny preferred by John Grim.

District Court.

WEDNESDAY, May 2.—Before Judge Williams.

In the case of Dr. Wm. M. Wright vs. The Pennsylvania Railroad Company, before reported, the jury found a verdict for the defendants. The accident by which the defendant was injured occurred to a passenger train, on the 28th of September, 1860, at Stewart's Station—the train having been thrown from the track by running over a cow. The plaintiff alleged that the injuries sustained were in consequence of the negligence of the employees of the road, and the case hinged upon this question. The allegation of negligence was not sustained, and hence the verdict. The interests of the company were ably defended by John H. Hampton, Esq., Solicitor.

The next case called was that of Wm. Hutchinson vs. Wm. H. Williams. This is an action to recover $10,000, being the amount of a special deposit placed in the hands of the defendant, who is a well known banker of this city. The plaintiff, in the month of April, 1860, placed a box, containing ten or twelve thousand dollars in specie and other valuables, in the custody of the defendant for safe-keeping. In a day or two after, the safe in the vault was broken open by burglars and robbed, the box being taken with a large amount of other plunder. The facts of the robbery are so well known that we need not repeat them here. The suit is based upon the allegation that the loss resulted through the negligence of the defendant. Messrs. R. K. Kerr, F. H. Collier, and W. H. Lowrie appear as counsel for the plaintiff, and Messrs. Hamilton and Acheson for the defendant. On trial.

The Storm—Barn Destroyed.

The storm which passed over this city on Tuesday evening, did considerable damage in a small way, and in some instances fences and even barns were leveled. It seems to have been confined to a belt of from three to five miles wide, and to have followed the river valley. At Mansfield the wind was very severe, but there was not much hail. This appears to have been the southern limit. In Allegheny city the quantity of hail was small, and probably did not extend far north of the city. In the vicinity of Squirrel Hill, eastwardly, the wind was terrific, and a very large frame barn, belonging to Mrs. Margaret Fleming, was blown. The horses, cattle, etc., escaped uninjured. The principal damage by the storm was to fences and trees.

A frame house in course of erection on Rebecca street, Allegheny, one side of which had been weather-boarded, was blown completely down by the storm, and the scantling and boards broken considerably. The structure was of rather a fragile nature.

The Cadiz Bank Robbery—Recovery of $259,000 of the Stolen Money.

Chief of Police Hague, who was employed to assist in the pursuit of the Cadiz Bank robbers, returned to the city yesterday, and has some additional facts in regard to the pursuit and recovery of the money. He states that $150,000 were found on the parties who were arrested, $100,000 were picked up on the ground where the fight occurred, and $9,000 were discovered on the farm of a man named Biddle, where the party had breakfasted. In addition to the above, three bags of silver coin were found secreted in a dung pile in Cadiz, near the bank. All the money and bonds have been recovered, with the exception of about $30,000. The thieves were six in number, and are said to have been rebel soldiers or guerrillas. Traces of the other two were discovered at a point on the river, above Lagrange. A skiff had been stolen there, and oars made by breaking pieces from a plank on the bank. It is supposed that the men escaped by crossing or descending the river.

The License Court—Two Hundred Applications!

Judges Sterrett, Mellon and Stowe are now in session as a License Board, and the list of applicants is but a fraction below two hundred! The number is higher than usual, since more licenses expire about the first of April that at any other period of the year. If there were no other parties in the county, however, than these two hundred wishing to engage in the business of liquor selling, one might suppose that we were supplied, but there are several other hundreds either in the business or anxious and willing to embark in it whenever an opportunity shall offer. The court room was crowded all day yesterday with applicants and their friends, and each case was watched with special interest. The temperance men have a fine field here, and if well organized they could accomplish wonders in the way of preventing licenses.

Soldiers' League in Manchester.

A meeting of returned soldiers was held in the school house, in Manchester, on Tuesday evening May 1st, for the purpose of organizing a Soldiers' League. Mr. E. Bartley was called to the chair, and A. G. Kibler was chosen secretary. The meeting was addressed by Gen. Barnes and Mr. J. G. Brown, who explained the object of the Soldiers' Leagues. On motion, a committee consisting of Messrs. Connor, Spear and Bartley was appointed to procure members, and draw up a constitution and by-laws. A meeting will be held on Tuesday evening next, for the purpose of electing permanent officers. No district in the county has a better war record than Manchester, and she has the requisite material for a large and efficient Soldiers' League.

Fall from a Scaffold.—About five o'clock last evening one of the workmen at the Third Presbyterian Church structure, named Thos. Finn, engaged in wheeling mortar, met with a serious accident by a fall from an insecure scaffold at the side of the building fronting Virgin alley. The scaffold had just been erected, but the builder had neglected to nail the board on which the "padlock" rests. Finn had just wheeled up the first load of mortar, when the flooring of the scaffold sprung and he was precipitated the whole distance to the ground, a fall of about forty feet, the flooring and wheelbarrow also falling down. The injured man was taken to Dr. N. McMeal's, on Grant street, where his wounds were dressed, which although of a severe nature, are not dangerous. The injuries received were a gash about three inches in length on the head and a fracture of the ulna bone of his arm. He resides in a court off Tunnel street.

False Pretenses.—Thomas Graham made information before Alderman Morrow, of the Eighth ward, against William Mooney for false pretenses, alleging that he had purchased a quantity of rope from him, which afterwards proved to be rotten and worthless, and that defendant refused to refund the money. At a hearing last night, there being nothing in the statements of prosecutor, the case was dismissed at his costs.

Fires.—Two fires occurred yesterday, neither of which was serious. The first was in the roof of a house on Fountain street, and was extinguished without much damage. Later in the day, the butchering house of Mr. Schaad, on Pennsylvania Avenue, opposite Elm street, caught fire and was partially destroyed. The steamers were out at each fire.

Editors Gazette:—In answer to Prof. Dickson's note in yesterday's *Gazette*, I would say that my authority for making the assertion that he either procured the publication of, or wrote the article in Saturday's *Dispatch*, signed "Director," was obtained at the *Dispatch* office. GEO. J. LUCKEY.

Arcadia.—We have heard a great many persons inquire what the painting of the drop curtain at the Academy of Music was intended to represent. We would state, for the information of those desiring it, that it represents "Arcadia."

THE PRESIDENT ON THE CONSTITUTION.

Yesterday's telegrams brought from Washington information that the President, at a meeting of the Cabinet, held to consider the Congressional plan of reconstruction, declared that in winding up the great drama of the rebellion, "HE WAS FOR A RIGID ADHERENCE TO THE CONSTITUTION." If the President said this in a restricted and narrow sense, confining the application to a single point, there was nothing startling in the announcement. But if he meant precisely what he said, in a broad and comprehensive application, his speech must carry consternation and terror throughout all the States involved in the revolt, and excite alarm and sympathy in the breasts of the stoutest radicals of the North. What the rebels have most to fear is "A RIGID ADHERENCE to the Constitution." Such a Policy would erect a gibbet at every crossroad in the Southern country, and send three-quarters, at least, of the adult whites speedily to their graves. After the assassination of President LINCOLN, President JOHNSON broached this Policy, and his words rang dismally through the land as the tones of funeral bells. "*Treason is the highest crime known to the laws, and ought to be punished as such.*" His attitude, voice and gesture were stern, implacable, relentless, as those with which the CALIFF OTHMAN was wont to consign to pillage and death the inhabitants of crowded capitals and populous districts. Radicals as we are, we felt constrained promptly to make public protest against this sanguinary scheme of reconstruction.

Old English law—the law in full operation in the United States up to the adoption of the Federal Constitution—"inflicted five punishments upon him that is attainted of treason or felony. 1. He shall lose his life, and that by an infamous death of hanging between heaven and the earth, as unworthy in respect of his offence of either. 2. His wife, that is part of himself shall lose her dower. 3. His blood is corrupted, and his children cannot be heirs to him, and if he be noble and gentle before, he and all his posterity are by this attainder made ignoble. 4. He shall forfeit all his lands and tenements; and fifth, all his goods and chattels." In only one particular did the Constitution modify this rule of the common law. By section 2, article 3, of the Constitution, it is provided: "The Congress shall have power to declare the punishment of treason; but no attainder of treason shall work corruption of blood or forfeiture, except during the life of the person attainted." This is the only restriction put by the Constitution on the ancient rule—the family of a rebel shall not be held as partakers in his crime. At the first session of Congress, held after the ratification of the Constitution—that is, April 30, 1790, a law was passed to punish treason. The first section of that law reads, "If any person or persons, owing allegiance to the United States of America, shall levy war against them, or shall adhere to their enemies, giving them aid and comfort within the United States or elsewhere, and shall be convicted on confession in open court, or on the testimony of two witnesses to the same overt act of treason, whereof he or they shall stand indicted, such person or persons shall be adjudged guilty of treason against the United States, and shall *suffer death*."

Is the President in favor of "a rigid adherence to the Constitution," and the regular enforcement of the laws? We hope not. If there ever was a time, in the history of this country, or any other, in which [illegible] the part of wisdom and humanity to [illegible] mercy with justice, that time is now. Ninety-nine of every hundred white men in the eleven States have forfeited their lives to the Constitution and the Laws, as absolutely as they would have done by the commission of murder. The execution of the extreme penalty upon these multitudinous offenders is a proposition that no man or woman can seriously contemplate without a shudder of horror.

What then? Shall we rush to the other extreme, and so act as to affirm that treason is not a crime in any [illegible] acceptation of the term? That would be to invite and pull down fresh calamities on the country. Mr. Secretary SEWARD was reported, a day or two ago, to have said, in response to friendly cautions from abroad of a possible renewal of the strife, that the people of both sections had suffered so much from the war, and were so wise above every body else, that apprehensions of such a contingency were groundless. From what experience of mankind—from what pages of history—the great Secretary learned this lesson, we think it would be difficult for him to tell. There is no such lesson in the annals of the human race—and it is not the part of a Statesman to contemn the uniform testimony of events.

The true middle ground between enforcing the letter and spirit of the Constitution and the Laws, and descending to a weakness that inspires contempt or provokes assault, is the Policy of "MAKING TREASON ODIOUS." Neither President JOHNSON nor any other President, ever hit on an expression of higher felicity. How shall treason be made odious? Surely, not by allowing it to become a mark of honorable distinction; nor by excluding it from account in determining the future political status of the men guilty of it. There is but one method, so far as the action of the government is concerned, of reaching this end, and that method was indicated by President JOHNSON when he declared that "*rebels must be made to take back seats.*"

But the President is now reported as declaring "against all conditions precedent to the admission of loyal representatives from the Southern States;" and this is what he means by "a rigid adherence to the Constitution." Is there not a deception in this use of terms? "Loyal representatives." By what standard of [illegible] is the loyalty of men claiming [illegible]? If no disabilities as to the exercise of suffrage are placed on [illegible], by what [illegible] of representation [illegible] be compelled to choose men as their representatives who do not represent them at all? We have seen the drift of Southern feeling demonstrated time and again. At all State, district and municipal elections, held so far, they have, when not coerced by the interposition of military power, elected to office the leaders around whom they gathered during the rebellion. This is natural; and unless representative government is reduced to a farce, so long as rebels are allowed to vote, they will and ought to vote for men with whom they are in sympathy, and who participate in their plans and objects. It is constitutional to enforce the extreme penalty on them. All short of capital punishment is pure grace. To debar them for a time, or permanently, from taking part in the direction of political affairs is logical, just, constitutional. To profess to leave their political rights intact, and yet adopt a rule that they shall select representatives of a particular shade of opinion, is inconsistent, impracticable and injurious. It is a rule that cannot be enforced, and which we have too much respect for the sagacity of the President to believe he seeks to have insisted on. At bottom, he must, therefore be held to be in favor of wiping out the past, and admitting the rebel leaders to their old positions of influence and authority in the government.

RIGHTS OF WIVES.

No thoughtful and fair-minded man has looked over the statutes of any professedly civilized country, designed to regulate the relations of husbands and wives, and their reciprocal rights, without being sorrowfully impressed with the rank injustices practiced by law-makers towards women. It is well, however slow the process, that better ideas are beginning to obtain.

Recently before the Superior Court of Ohio, at Cincinnati, an interesting case was adjudicated. KEZIAH PALMER brought suit against her husband, SOLOMON PALMER, to recover damages, in the sum of ten thousand dollars, for being incarcerated in a Lunatic Assylum under false pretenses. The defendant's lawyer exhausted a good deal of musty lore to prove that a husband and wife were so essentially one that neither could sue the other; that husband and wife being one, it was absurd to allow her to sue for that she had a right to share; that if the husband was guilty of cruel treatment the wife could sue for a divorce or proceed to indictment; that by marriage a woman was so merged in her husband as to be incapable of entering suit against him; that a wife was like an infant, which could only sue through a guardian, and, unlike an infant, because not entitled to a guardian; that the husband, being sole guardian of the wife, had a right to the custody of her person, and, with the aid of the law could place her in a Lunatic Assylum.

The court did not view the case in that light, but expressed the opinion that if a husband put his wife in a lunatic asylum, under a false pretense of insanity, in order to restrain her of her liberty, she certainly had a right to sue him; and that the husband ought to be mulcted for such an offense heavier than any other man. After considering the matter, however, until the next day, the Judge receded, and held that under the present state of the law the wife cannot sustain an action against her husband for a tort; that she could proceed in her own name, against any persons who assisted her husband in incarcerating her, but could not proceed against him. The Judge had much better have remained true to that instinct of justice which animated him at the first.

THE BATTLE FLAGS.

May 16, 1861 the Legislature, by joint resolutions, charged the Governor with the duty of procuring regimental standards of all Pennsylvania regiments sent into the field, and provided that after the term of service of the respective regiments, these flags should be returned to the Governor and carefully preserved. These flags will be given over to the Governor on the 4th of July next, at Philadelphia. The Committee of Arrangements are:

General Harry White, chairman; General Hector Tyndall, of Philadelphia; General H. T. Collis, of Philadelphia; General Joshua Owens, Philadelphia; Colonel Peter A. Lyle, Philadelphia; Colonel Peter C. Ellmaker, Philadelphia; Colonel Wm McCandless, Philadelphia; Colonel Chapman Biddle, Philadelphia; Colonel E. R. Biles, Philadelphia; General John R. McCalmont, Franklin; Colonel H. S. Hidekeeper, Meadville.

The committee will meet at an early day in Philadelphia.

POLITICAL.

THERE is much clamor in the Copperhead journals against the Report of the Committee on Reconstruction, whereof the sum and substance is this: "If the rebels are not allowed to vote till 1870, how can a Copperhead be chosen President in 1868?" We really can't say.—*N. Y. Tribune.*

IT seems very hard, to our Copperhead friends, that the rebels of 1861–5 should have to wait till 1870 before they can vote for Federal officers. It seems hard to us that the Black Unionists should have to wait indefinitely before they can vote for Federal or any other officers. Suppose, now, we strike hands and agree that they shall *all* vote forthwith and evermore?—*N. Y. Tribune.*

WE learn that the more decided and Radical Republicans of the 5th district of Iowa propose to bring forward Maj. Gen. G. M. Dodge, as a candidate for Congress at the next election. The district is now represented by Hon. John A. Kasson.

THE Rev. J. H. Ryland has been appointed collector of internal revenue in the rebel district of Maryland which sent "unworthy member" Harris to Congress. Ryland is a fair exponent of the disloyalty of the district.

THE recent Texas Convention passed a law making five years' residence an essential qualification of suffrage in that State—the object being to check Northern immigration, especially that of Germans.

IT is said that Charles Dickens recently declined an invitation to read before the Queen, on the ground that he would not go as a performer where he was not received as a gentleman.

THE Democrats and Johnson Conservatives have fused in nominating a Congressman to oppose Geo. W. Julian. They will hold a convention on the 17th.

GENERAL NEWS.

THERE are thirty seven pottery establishments in Summit county, Ohio, which make, annually, stone ware to an aggregate capacity of 2,100,000 gallons, valued at present prices at $150,000, exclusive of the sewer pipe, ink bottles, and brown and yellow ware made by some of the establishments. The value of the product of sewer pipe is $95,000; of the ink bottles, $15,000; and of the brown and yellow ware, $25,000.

A GENTLEMAN in Deerfield, Mass., has an old Indian burial ground in the rear of the house, and it is said of him that when he has a dinner party at his house he entertains his guests after dinner by inviting them to the home lot and digging up an old Indian, very much after the style of the King of Naples, who uncovers a house in Pompeii. A dinner of that sort might be described as "Indian meal."

RAILROADS IN THE UNITED STATES.—By the census returns of 1860, it appears that there were at that time in the United States, 30,793 miles of commercial railroads, costing $1,151,530,820; and 403 miles of city passenger railways, costing $14,862,840. Since that date, of course large additions have been made to both the steam and horse railroads of the country.

CAPT. NOLEN of the 18th New York Cavalry was shot through the body, and, it is supposed, mortally wounded, while endeavoring to arrest a rebel desperado named Porter, near Clinton, Texas, a few days ago. After his wound, the Captain drew a pistol and shot Porter dead, mortally wounding two others who were engaged in resisting the arrest.

THE Empress Eugenie has achieved another triumph. When she was first made Empress, other Queens refused to call on her, regarding her as a plebeian interloper. Victoria yielded first, the Queen of Spain next, and then the Queen of Portugal, now the Empress of Austria, the proudest of them all, is about to visit her.

A BOY was terribly injured in Leominster, a few days ago, by being dragged through the streets by a frightened cow. He was driving her home, and had fastened the rope by which he held her about his waist, when the animal took fright and dragged him a quarter of a mile.

REV. MR. ARRIONI, in a lecture in Worcester, said that wine was the common beverage of the Italians, but drunkenness was unknown in Italy. He had never seen a drunkard until he came to America.

THREE women died at Boston, Mass., in a single week lately in the hands of a professional abortionist. They were all single, and came to Boston from country places, hoping to hide their shame.

THE Montgomery *Advertiser* says one of the most favorable signs of a better day dawning on that city is the decline in the drinking of whisky. That beverage is being superseded by lager beer.

THE receipts of the Internal Revenue from the First District of California show an increase of thirty five per cent. during the past quarter over the corresponding quarter of last year.

THE Springfield *Republican* has declined an appointment from Secretary Seward to publish the United States laws in that State. It takes up too much space and don't pay.

THE Richmond *Times* demands that the same honors shall be paid to the rebel dead as are conferred upon the Union soldiers, and speaks of Jeff Davis as the unhappy statesman.

HUMOROUS.

THE late Professor Vince, one morning (several trees having been blown down the night previous,) meeting a friend in the walks of St. John's college, Cambridge, was accosted with "How d'ye do, sir? Quite a blustering wind this." "Yes," answered Vince, "It is a rare *mathematical wind*." "Mathematical wind!" exclaimed the other; "how so?" "Why," replied Vince, "It has extracted a great many *roots*."

NO BOYS YET.—A lady and gentleman called at a store a few days since to make some purchases. The lady was talkative, and purchased one or two articles. When the twain were about to leave, the accommodating salesman asked the lady, who had done the talking and paid the bill, if she would not purchase one or more of his tasteful hats for boys. The lady, assuming the dignity of Queen Elizabeth, said "No; I have only been married about twenty minutes; I have no boys yet."

THE following singular marriage notice occurs in a North Carolina paper: "By Dr. J. A. Sherrill, at twilight on Wednesday evening, February 28, 1866, in Catawba county, N. C., at the house of the bride's widowed mother, Mr. A. A. Gabrile to Miss Lizzie Milligan, after *a short but most delicious courtship*."

IT is related of Lord Cockburn, that he was once on the hillside with his shepherd, when, observing the sheep reposing in the coldest situation, he remarked, "John, if I were a sheep, I would lie on the other side of the hill." The shepherd answered, "Ah, my lord, but if ye had been a *sheep* ye would hae had mair sense."

THE question "Does getting drunk ever advance one's happiness?" would seem to be put to rest by the Irishman who went courting when drunk, and was asked what pleasure he found in whisky? "O, Nelly, it's a trate entirely, to see two of your sweet pretty faces instead of one."

A GLASGOW ANTIQUARY recently visited Cathcart Castle, and asked one of the villagers "if he knew anything of an old story about the building?" "Ay," said the rustic, "there was anither auld storey, but it fell down long since."

"DID any of you ever see an elephant's skin?" asked the master of an infant school. "I have!" shouted a six year old at the foot of the class. "Where?" inquired the teacher, amused by his earnestness. "*On the elephant*!" was the reply.

SPECIAL NOTICES.

AYER'S PILLS.—Are you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangement of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy cure of *Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.*

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by B. A. FAHNESTOCK'S SON & CO., and by all Druggists. mh16:2mM&wF

RETROUVEY'S TURKISH BANDOLENIAN HAIR TONIC. THE DRESSING AND RESTORER OF THE AGE. TURKISH BANDOLENIAN.

RETROUVEY'S TURKISH BANDOLENIAN. What can be more acceptable than anything that will beautify? that will restore nature's decay by stopping the hair from falling out, restoring its natural color, making it to grow in luxuriance and beauty, assist in putting it up according to the present style and fashion and keep it in place? This *Retrouvey's Turkish Bandolenian Hair Tonic* will do, and for proof we refer you to any person who has tried it. It is acknowledged to be the beautifier of the age, the only Hair Tonic and Restorer worthy of the name. In Turkey, in France, in England, in America—everywhere where the "Bandolenian" is known—it is pronounced the *ne plus ultra* of Hair Preparations. Remember, it is free from all metallic poisons that are contained in most Hair Colors and dressings. It is the extract of many flowers and herbs, beautifully put up, an ornament to the toilet.

For sale by all Druggists and Perfumers, wholesale.

PARTICULAR NOTICE.

The entire performances of the Great Circus, from the introductory pageant to the finale of the Mule Extravaganza, will be produced with a degree of artistic finish and in a style of magnificence unparalleled in any age or clime. The varied acts will embrace an originality of conception and completeness of execution sufficient to establish the great and obvious superiority of the Mammoth Combination. The entertainments will be essentially different in style and effect from the ordinary arenic amusements, and they will be given by a grand troupe of European and American artistes, the most distinguished in the world, who are singularly gifted with rare talents and matchless grace. The capacity for attractive features is vastly supereminent, and greater than ever before attained in this country; and they will be presented with the civil splendors of decorated apparel and ornamented paraphernalia, extravagantly magnificent, aided by the important characteristics of superb music and brilliant effects. The classic scenes will afford instruction with amusement, and entirely familiar in style, and incomparable in purity and excellence.

ESPECIAL NOTICE.

Family parties of ladies and children visiting the Circus will have prompt attention shown them by polite ushers, especially assigned to promote the comfort of families who are unable to attend the exhibition with an escort.

FOR SALE—FOR RENT.

FOR SALE.

A SMALL FARM of [illegible] acres, situate in Baldwin township, Allegheny county, Pa., [illegible] miles from the city, on the Brownsville road. The improvements are a large two-story Frame House, with 10 rooms, double parlor, wide hall running through the house; water in the kitchen door; a Bank Barn, 50 by 30 feet, and other outbuildings; a garden of excellent soil, containing one-half acre, planted with all kinds of small fruits and vines; fruit of every kind, about 700 or 800 trees of best quality of grafted fruit. The soil of the whole farm is good. The very best of fencing; a beautiful lawn in front, planted with shrubbery and trees. For a country residence it is not surpassed, and for a profitable investment there is no question.

Also, the best Farm in Elizabeth township, containing about 90 acres, lying on the Monongahela river, immediately below Lock No. 3, on which is erected a large two-story Brick Dwelling House, one log and one Frame Bank Barn, corn-crib, wagon shed, brick spring house, granary, work shop, &c. About 30 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of limestone. There are two orchards of apple trees, in good bearing condition; peach, pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. This property will be sold cheap and on good terms.

Also, a Farm of 117 acres, situate in Fallowfield township, Washington county, Pa., about 2 miles from the town of Bentleysville. The improvements are, first, a two story frame house with five rooms; second, a two-and-a-half story hewed log house; third, a No. 1 new barn, 60 by 40 feet; a good spring house, three large orchards of different fruit, apple, peach, pear, plum, quinces, cherry, &c.; 90 acres cleared; the remainder in good timber. The land is level and of the very best quality, and will be sold at a reduced price.

Also, a Farm of about 120 acres, in Fairfield township, Westmoreland Co., Pa. The improvements are a hewed log house, with kitchen attached, a log barn and a tenant house, a good apple orchard, peaches and cherries; about 80 acres cleared, the remainder in the very best white oak timber. The land is [illegible]. The location is very healthy. This property [illegible] will sell very cheap. Possession immediately.

Also, [illegible] prices, a Farm of about 143 acres in Fallowfield township, Washington Co., Pa., about [illegible] west of Lock No. 4, on the Monongahela river. The improvements are a two story log and frame house, a frame barn, wagon shed and other outbuildings; fencing generally good; a young orchard of apples and other fruit trees; 110 acres of [illegible] of the best quality, and a vein of the best limestone; convenient to churches, schools, mills, &c. This property I am authorized to sell very cheap.

Also, a farm of 140 acres, situated in West Wheatfield Township, Indiana county, Penna. The improvements are a good, comfortable, two-story Frame House, with 6 rooms, a large frame barn, carriage house, good corn crib, wash house, bake oven and a two-story stone spring house; about 150 acres cleared and in timothy and clover; a good orchard of apple, peach, pear and quince trees. The fencing is generally good. The land is of a good quality, abundance of limestone, and but a short distance from coal. This property will be sold very cheap.

Also, a Farm of about 240 acres adjoining the above. The improvements are a large two story Log House and a large frame barn; 175 acres cleared and under a good state of cultivation; a small apple orchard; a large two-story milk-house. These two farms united would make a first-rate Stock Farm, or will be sold separately.

Also, the best farm in Fairfield township, Westmoreland county, Pa., containing 280 acres; about 6 miles south of the Pa. Railroad. The improvements are two large hewed log houses; one of the largest and best frame barns in the township; two apple orchards. The whole farm is under a high state of cultivation. The fencing is all No. 1. The land is of the very best limestone; about 200 acres cleared, the balance in good timber. Possession on the first day of April, 1866. This property will be sold at a great bargain. The owner wishes to engage in other business.

Also, a Farm of 150 acres, situate in McCandless township, Allegheny county, Pa., about 8 miles from the city. The improvements are a Log House, a good barn, a young orchard of apple, peach and pear. I will sell this valuable property very cheap and on easy terms.

DOLLAR SAVINGS BANK, No. 65 FOURTH STREET.

CHARTERED IN 1855.

Open daily from 9 to 2 o'clock, also on Wednesday and Saturday evenings, from May 1st to November 1st, from 7 to 9 o'clock, and from November 1st to May 1st, from 6 to 8 o'clock.

Deposits received of all sums of not less than One Dollar, and a dividend of the profits declared twice a year, in June and December. Interest has been declared semi-annually in June and December since the Bank was organized, at the rate of six per cent. a year.

Interest, if not drawn out, is placed to the credit of the depositor as principal, and bears the same interest from the first days of June and December, compounding twice a year without troubling the depositor to call, or even to present his pass book. At this rate money will double in less than twelve years.

Books containing the Charter, By-Laws, Rules and Regulations, furnished gratis, on application at the office.

FINANCE AND TRADE.

WEDNESDAY, May 2, 1865.

Gold was a shade higher in New York to-day, being quoted at 12[illegible]. Government bonds firm, but without decided change. In our local stocks there is but little doing. Bank Shares are in request, with occasional sales, while Insurance stocks are dull and depressed. Oil stocks are completely lost sight of.

—It is stated that neither the Oil City Bank nor the Venango County Bank will be re-opened for business.

—We take the following in regard to oil operations at the wells, from the Titusville *Herald*, of Tuesday:

"The petroleum markets are a shade firmer at the wells. The feeling in the eastern markets is also firmer. The Pittsburgh buyers have been operating largely, so much so that oil at the wells may be considered as all bought up. This causes an unhealthy advance in prices, which may be looked on as merely temporary. The spasmodic rush of Pittsburgh buyers to the wells whenever the Creek is in a navigable condition, is a very deceptive feature in oil transactions. The price of oil at the wells does not any longer appear to be governed by the eastern markets so much as by the speculators from Pittsburgh who have been making a desperate effort to control the oil trade. Assisted by the Pennsylvania Central and P. & E. Railroad monopolies they have succeeded to a great extent in procuring the oil, but at prices which must be a loss to the holders unless the eastern markets should advance to a higher figure than present quotations.

"The system of tank-car transportation is very liable to induce a species of desperate gambling which may overthrow all legitimate operations. No man will consider himself safe in shipping oil against such heavy odds. And taking these Pittsburgh speculators and tank-car speculators together, the legitimate operators have their hands full in endeavoring to keep track of their movements.

"The whole substance of the matter is that the transportation facilities in this direction have been neglected, and the railroad companies have taken advantage of our weakness, and it will require the most firm and decisive measures on the part of legitimate operators to counteract and defeat the plans of these monopolies. The first most important step to be taken is the building of large iron tanks here for the safe storage of oil. This will enable the producers to hold their oil at this point, and the eastern operators to buy and hold their oil here. This arrangement will effectually overthrow the design of the tank-car company to buy the oil here and send it east at a profit over and above what it is possible for our shippers to do. The whole of the oil here being held by eastern parties the question will resolve itself into the cost of transportation, not into one of what will you deliver oil for in New York. Buyers in New York will make all their purchases here and transfer them here, leaving no chance for outside monopolies to make money out of their necessities."

—The New York *Tribune*, of Tuesday, says:

"Money continues abundant, and the bank statement shows another accumulation of capital seeking temporary employment. The refusal of the Treasury to receive further temporary loans, and the proposed reduction of interest upon existing deposits, make it probable that lower rates on call will be made at an early day. For want of use at the stock exchange, brokers have been depositing their working capital at the Sub-Treasury—a mode of employment not desirable at the new rates. The next step will be the payment of the temporary loan, putting into circulation many millions of currency now idle in the Treasury for no apparent purpose except to swell the National balance sheet, and to allow the banks to make interest upon what would otherwise be idle deposits and a dead weight. This payment, while it reduces the National balance sheet, and saves interest to the Department, will cause a still greater abundance of money, forcing as it will its owners to find in commercial operations and speculations new customers, to take the place of the Government. The hope of the Treasury is that the money thus put in circulation will be invested in Government stocks, and funding be greatly facilitated. The popular idea is that instead of seeking investment, it will be turned into speculative channels, to an extent sufficient to stimulate the stock markets into great activity and much higher prices. Large amounts of money were offered to-day at 4 per cent, without finding borrowers. Prime commercial paper sells at 6½@7; good at 8@9 per cent."

—The following comparative statement shows the average condition of the leading items of the Philadelphia Banks for the past and previous week:

	Last Week.	This week.		
Capital	$14,642,150	$14,642,150		
Loans	45,742,733	46,822,734	Inc	1,079,001
Specie	935,574	890,244	Dec	45,332
Legal-t'nd'rs	18,660,743	18,949,119	Inc	289,206
Deposits	35,443,935	37,023,862	Inc	574,907
Circulation	8,761,219	8,779,166	Inc	17,947

The bank movement last week shows a further large increase of over a million of dollars in loans. The deposit line has increased $574,907, and the legal tenders $289,206. The specie and the circulation varied but little from the figures in the last statement. Money is very abundant, and from the fact that the banks have swelled their loan item to nearly forty-seven millions, it is evident that they are letting it out freely.

Cincinnati Lumber Market.

CINCINNATI, May 1.—The high stage of the river during last week has been unfavorable for the movements in rafts, and there has been comparatively little done. The arrivals by canal have also been very limited. The opening prices paid for rafts of lumber on the river—$25@30 per M, on the average—were higher than had been anticipated, and, as a consequence, the yard prices are firmer, although not quotably higher. The prospect in the lumber regions of the North is that the supply will be fully equal to last year; but, with light stocks in the yards at all points except Cincinnati, it is expected that the demand will be active enough to fully sustain prices. There has been little or nothing done in the way of contracts for building purposes as yet. We still quote yard prices as follows:

Financial Matters in New York.

NEW YORK, May 2.—Gold closed at 127¼. Money still abundant.

Heavy forgeries are reported on Wall street to-day. The forger is a well known operator in stocks, and it is thought he sailed to Europe by the Cunard steamer.

The *Post* says: The quotations for some Government stocks to-day are slightly depressed, and those of gold and foreign exchange were advanced by exaggerated reports. As to the amount of 5-20's [illegible] by the last steamer from [illegible] that instead of the aggregate [illegible] millions, it falls considerably [illegible] two millions. The loan market is fairly active at six per cent.

Senator Sherman's bill for consolidating the various loans is generally discussed on Wall street.

At the 1 o'clock open board: Quicksilver, 58¼; Western Union Telegraph, 59; Erie, 73½; Reading, 10[illegible]; Michigan Southern and Rock Island, [illegible]; Chicago and Northwestern, 28¾; preferred, 59¼; Pittsburgh, Fort Wayne and Chicago, [illegible]. Regular stocks steady. Chicago and Alton, 94; Milwaukee and St. Paul, 51; Alton and Toledo, 34; Milwaukee and St. Paul, preferred, 67; Mariposa preferred, 28¾; U. S. 6's of 1881, 115¾; Treasury, 102¾; U. S. [illegible] of 1881, 108; Missouri State, 74.

Prices of mining stocks bid in Boston to-day—Copper Falls, 41; Franklin, 31; Hancock, 1[illegible]; Water Power, 36; Isle Royal, 16; Minnesota, 11; Quincy, [illegible]; Waverly 3.

Petroleum and Mining Shares are more active and higher this afternoon on leading shares. Bennehoff Run, 11.00; Pithole, 2.70; United States, 9.50.

Mining Stocks—Ada Elmer, 2.15; Holman, 35; Smith & Parmlee, 10.00; Texas, 95.

Business at the clearing house to-day was very large, the discharges being $118,[illegible]322, and the balance $7,201,093, the latter being the largest amount known in the business of the clearing house.

Chicago Cattle Market.

CHICAGO, May 1.—The receipts of beef cattle to-day are 83 cars. Entered sales 595 head, at prices ranging from $5,50@5,8[illegible] for fair to medium, $6,12½@6,80 for second quality, and from $7,25@7,85 for good to choice steers, averaging from 12,50@1443 lbs. The market is very active at an advance of from 20@25c per 100 lbs on the best grades. Most of the offerings have already been taken at the advance. A choice lot of 9 steers, averaging 1443 lbs sold by Adams and Parsons to Myers at $7.85, were the best lot we have seen in the yards for some time. The comparatively light receipts caused buyers to take hold freely, and should the arrivals not be excessively large during the remainder of the week, a good average week for drovers may be looked for. Shippers are buying largely.

Chicago Lumber Market.

CHICAGO, April 30.—The demand for cargoes continues active, and the market is steady and firm. The arrivals to-day were light. Sales were: Cargo schr Fisher, from White Lake, 65 m, ½ strips, balance mixed, at $13,50; cargo schr Lizzie Troop, from Muskegon [illegible] m, coarse cut, at $14,87½; cargo schr Honest John, from Muskegon, 80 m, coarse cut, at $1[illegible]; cargo schr Liberty, from Kalamazoo, 6[illegible] m, coarse cut, $14,50; cargo schr Seneca Chief, from White Lake, 110 m, coarse cut, at $13,[illegible]; cargo schr Peoria, from Grand River, 8[illegible] m, strips, scantling and joists, at $13,50; cargo schr Planet, from Kalamazoo, 50 m, sawed shingles, at $3,00; cargo, schr Florence, from Grand River, 80 m, ½ strips, balance boards and scantling, at $15,00.

Cincinnati Market.

CINCINNATI, May 2.—Flour firm. Whisky dull; in bond, $2,23. Mess Pork in large demand, sales of 200 bbls at $[illegible], closing at $29.00, with no sellers. Lard [illegible], at 20c. Gold, 127¾.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, May 2, 1866.

The produce markets are steady and moderately active, while prices have undergone little or no change. The excitement which prevailed a few days since, has almost entirely subsided, though as the stocks of both Flour and Grain are very limited, holders find it difficult to supply their regular trade, even at extreme rates.

ASHES—Sale of 7 tons Pearl Ash at 12—demand good, and stock very light. Soda Ash quiet and unchanged at 5½ for common, and 6½@7 for Refined.

GRAIN—Wheat is firm and but little offering; sale of 5 cars Club at $2. Oats quoted firm at 60 to 65c, the latter figure for small lots from store. Corn is scarce, and in demand, with small sales at 75@80. Barley is in demand and supply very light. Nothing doing in Rye.

FLOUR—Market quiet but very firm, and the supply is very tight—some of the largest operators being entirely out. We continue to quote from store at $10½@10¾ for Spring Wheat; $10¾@11 for half Spring and half Winter; $11½@12 for all Winter, and $12½@$13 for fancy brands.

PROVISIONS—Bacon is steady with a fair jobbing demand, at 13½@14 for Shoulders; 15¾@16 for Ribbed Sides; 21@21½ for Plain Sugar Cured Hams; and 22½ for Canvassed ditto. Lard is still quoted at 21. Dried Beef at 24@24½, and Mess Pork at $29.

POTATOES—Demand a little better, and as arrivals are falling off, the market is a shade firmer, though prices have undergone no change. We continue to quote at $1@1,15 per bush. and $3@3,25 per bbl, as to quality.

SEEDS—Clover Seed is dull but steady at $5½. Flaxseed is in demand at $2½, and there is little or none offering. No Timothy in market.

SORGHUM—Is dull—sales at 60 to 65.

PIG LEAD—Sales of 200 pigs at 9½.

DRIED FRUIT—Is in better demand and firmer. Sales of Apples at 14 to 16, and Peaches at 1[illegible]@22, for quarters and halves.

CHEESE—Is dull but unchanged—regular sales of Goshen at 23@24.

BUTTER—Is quiet and in rather better supply but unchanged; sales of good to prime Roll at 40@45.

EGGS—Continue very dull, the market being pretty well glutted. Sales of 15 bbls at 15 cts—holders generally asking 16@17.

BEANS—Very dull, but prime small White are still quoted at $1,75 per bush.

HOMINY—But little in this market, and but very little wanted. May be quoted at 3 cts to the trade, and 3¼@3½ in a small way.

MILL FEED—Small sales from at $1,40@1,50 for Middlings, and $1,10 to $1,15 for seconds.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, May 2, 1866.

CRUDE—There was again a very good demand for Crude to-day, and while there was evidently a firmer feeling manifested than yesterday, there has been no change in prices, and we continue to quote at 13@13½, bbls returned and in bulk, and 18½@19, bbls included. The advices from the east were reported more favorable, owing to encouraging reports from Europe by the last steamer, and eastern buyers were anxious to buy to-day, and that, too, at outside figures. We can report sales of 1500 bbls, in bulk, at 13½; 700 bbls for July delivery, on private terms; 700, in bulk, on the spot, at 13½; 800 do at 13½; 2000 do at 13; 2000 do at 13¼; 1300 at 18½, bbls included; and 1000 at 18½, packages included, free on board cars. Advices from the creek report the market firm at the wells, though prices are not reported quotably higher.

REFINED—There was quite an active demand for bonded oil to-day, and the market ruled very firm both for present and future delivery, and refiners generally were unwilling to sell unless they can get an advance. We can report sales of 1000 bbls for May delivery in Philadelphia, buyers option, at 40½; 500, for June, at 42; 500 for July at 44; 500 for July, at 44½ and 500 for August, on p. t. In addition to the above, there were some large operations consummated for future delivery, but the particulars were withheld by the parties interested, for fear of exciting the market. Free oil is quiet and unchanged; sale of 50 bbls at 52. Stocks of both bonded and free, in first hands, comparatively light.

NAPTHA AND RESIDUUM—There is apparently no demand whatever for Naptha, as we have not had a sale reported for months. Sale of 409 bbls Residuum at $5½ per bbl, delivered in Philadelphia; considered equivalent to about $4½ here.

ARRIVALS—The arrivals of oil were light to-day, owing mainly to the stormy condition of the weather, compelling floating boats to tie up. F. Jacobs received 1100 bbls; Fisher & Bro., 1500; and W. Haldeman 2300—total, 4900 barrels.

New York Dry Goods Market.

NEW YORK, May 2.—The Dry Goods market is steady and some goods look upward. The advance in cotton and gold, with the improvement of commercial and financial matters on the other side, has produced a much better feeling in commercial circles, and there is a fair demand for many styles of imported goods. From present indications a very large trade will be done during the coming summer and fall. RIVER NEWS.

ARRIVALS.

Bayard	Moore	Parkersburg.

DEPARTURES.

Grey Eagle	Gordon	Parkersburg.

BOATS LEAVING TO-DAY.

Nora	Devinney	Cincinnati.
Yorktown	Ebbert	St. Louis.

RIVER, WEATHER, ETC.

The river continues to recede at this point, with seven feet in the channel by the Allegheny marks last evening. Telegrams from Oil City, early in the day, reported the Allegheny falling at that point, with thirty-three inches in the channel. The weather continues cool and cloudy, with indications of more rain.

There has not been a single transient arrival aside from the regular packets, since our last report. The Pine Grove, from Cincinnati, and the Citizen, from St. Louis, are due here to-day, both having left Cincinnati on Saturday evening. The latter boat may not arrive until to-night, as she has two barges in tow.

The Bayard, from Parkersburg, is due here this morning, and will leave again as usual at 11 a. m. Capt. Geo. D. Moore, still retains command, with his brother Daniel in the office.

The neat and reliable Nora, Capt. H. H. Devinney, with Mr. Wm. Blackstock in the office, is announced for Cincinnati and Louisville, and will probably be ready to leave this evening.

The Yorktown, Capt. G. W. Ebbert, is announced for St. Louis forthwith, and passengers and shippers should bear this fact in mind. She is in first rate condition for business, having just been thoroughly overhauled, and supplied with new boilers. Capt. Standish Peppard still retains charge of the office.

The Messenger, Capt. Jesse Dean, is filling up steadily for Memphis and New Orleans, and will soon be ready to take her departure.

The Lorena and Forest City arrived at Cincinnati on Monday, and the Argonaut left the same day for Pittsburgh.

The St. Louis *Democrat*, of Tuesday, reports the Kate Robinson as having departed for Pittsburgh.

THE HIGH WATERS.—The Arkansas River, near its mouth, has been out of its banks for many weeks, and planters are much disheartened, as the high water now coming down the Mississippi will complete the ruin caused by the long continued flood of the Arkansas.

On the Missouri above Omaha some of the lowlands are submerged, and thousands of Pacific Railroad ties have been swept into the flood and are floating down.

BRIDGES.—The bridge mania is epidemic on the Upper Mississippi. Applications will be made to Congress, if not already filed, for bridges at Quincy, Keokuk, Burlington, Savannah, Dubuque, Prairie du Chien, Winona and Hastings. The St. Louis Merchants' Exchange committee have reported a memorial in relation to a bridge over the Mississippi river at St. Louis. They represent that the interests of navigation demand that the bridge should be fifty feet over high water. They oppose a draw, pivot or suspension bridge.

BOATS SOLD.—The Naugatuck was sold at Cincinnati for $30,000. The Welcome was sold at St. Louis by Capt. Allard to Capt. Johnson for $25,000.

COAL.—The towboats Warner, Lion, Tom Jones, Sam Roberts, and Hornet arrived yesterday, bringing about 900,000 bushels of coal. The most of it will go down the river. The Panther was due. The Stella takes the tow of the Tom Jones to go to New Orleans, and the Sam Roberts barges will stop here. Several other towboats are expected, as the rise has been taken advantage of.—*Louisville Journal, April 30.*

The first clerk of the Major Anderson shot and killed a man named Peter Miller, at Lawrenceburg, on Thursday last. The man, we understand, was very violent in his manner and insulting to the passengers, and it is therefore said that the clerk was fully justified in what he did.

GREENBACKS
ARE GOOD.
BUT
ROBACK'S BITTERS
ARE BETTER.

Roback's Stomach Bitters

After years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong and in all respects restore shattered and broken-down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

GREENBACKS
ARE GOOD,
BUT

It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent, and the best stomachic known to the world.

ROBACK'S

BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.

In the bilious districts of the West and South there has, for a long time, been much needed, an article of stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventive of

a preventive for bilious derangement, regulating the system, and giving tone to the digestive organs, than any other known remedy.

Now that the war is over, there will be thousands seeking homes in the South. No person who values his life should go there without having constantly at hand the BITTERS, as a safeguard against epidemic and maladies engendered by miasma and polluted water.

Travelers to and all residents of, the rank bottoms of the west and south, and the valley Mississippi and its tributaries, should provide selves with the

All Diseases of the Lungs

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 186[illegible].

DR. KEYSER—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with [illegible] medicine, and you are at liberty to publish this [illegible] you desire [illegible].
WM. WILSON,
Alderman, Fifth Ward.

PITTSBURGH, April 24, 18[illegible].
READ THE TRUTH.—DR. KEYSER—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.
JOHN DARIN,
Robinson street, Allegheny.

PITTSBURGH, December 31, 18[illegible].
A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.
JOHN C. LITTLE,
Witness: D. M. KERR. Peebles township.

PATTON TOWNSHIP, April 11, 18[illegible].
A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough, which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.
JOHN M[illegible].

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles the last week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., told us they would not be without it in their families. In fact, all who use it once want it again.
Yours, respectfully,
J. S. WATTERSON & SONS.
January 9, 1866.

PITTSBURGH, November 16, 18[illegible].
DR. KEYSER.—Although not an advocate of Patent medicines, in general, it affords me pleasure indescribable to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I most unhesitatingly say that it is the best remedy I ever found purporting to cure the above, nor should any family be without this remedy for diseases to prevent [illegible].
Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

STEUBENVILLE, Ohio, March 11, 18[illegible].
I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the lungs that I have ever taken.
J. W. FRIOR.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.
E. F. PRATT,
Messenger Common Council, Pittsburgh, Pa.
N. B.—I am no stranger to my fellow-citizens, and all who entertain doubts can consult me personally.
E. F. P.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I had been troubled with a cough and cold for several [illegible] that I could not sleep. I [illegible] prescriptions from three [illegible] city, whom I could [illegible]. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

"STOP THAT COUGHING."—"How can I do it?" Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Just two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unshakable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Dec. 14, 1865.*
